GENERAL STATUS ⌃

Karthika Arumugam

What I accomplished since my last stand-up:

I have made a screen scrolling in side ways in my world.
I did image merge to make the screen appear continuously without any break when scrolling.

What I am working on today:

I am going to work on pattern implementation for the background.
I am going to search for sound for different activities inside the game .

Sai Prithipa Ram Mohan

What I accomplished since my last stand-up:

I worked on the user story 2-Displaying the player component in the game screen
As part of this user story, I worked on tasks like making the player move in the screen
I created a player animation so that my player will not only be a gif image but will be able to walk and perform action like hitting only on keypress

What I am working on today:

I will be working on mockups for the background
I will be working on finalizing my

healthbar and would design a mockup
for that

Priya Yadav

What I accomplished since my last stand-up:

Still working on the Task5 Negative
Power should Appear and disappear.

What I am working on today:

I will work on Task 4 : Enemies should
move toward the player and Task5 :
Negative power should appear and
disappear

Anushree Menon

What I accomplished since my last stand-up:

Worked on the tasks in user story-
displaying the score board component in
the screen . The score will get updated
based on the actors actions

What I am working on today:

Will be working on task 3 and 4 of the
user story score board component . The
score should need to store in and will be
carried to next levels

Priya Khadke

What I accomplished since my last stand-up:

I am still working on the observer pattern for scoreboard. Sample display of Powers was tried
but pending finishing

What I am working on today:

Plan to complete the scoreboard observer to display treasure and level complete msg.
